# Memorandum

**Date:** September 7, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

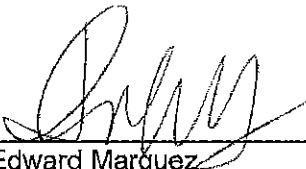

**From:** Carlos A. Gimenez   
Mayor

**Subject:** Fiscal Impact Statement for Ordinance Pertaining to Community Workforce Program

---

The proposed ordinance amends 2-1701 of the Code of Miami-Dade County to provide for increased penalties to be paid by contractors and sub-contractors upon failure to meet goal requirements.

The Internal Services Department, Small Business Development Division, is already responsible for assigning goals/measures to County contracts, and, it is expected that this existing staff will be able to manage those contracts meeting the criteria of this proposed ordinance. Increased penalties may have a positive fiscal impact on the County, however, it is difficult to make an estimate at this point.

improvements located in Designated Target Areas to determine the appropriateness of applying a local workforce goal requiring that a minimum of 10% of the persons performing the construction trades and labor work under the contract be residents of Designated Target Areas as set forth in this ordinance. The provisions of this ordinance shall apply to all such Capital Construction Contracts/Work Orders entered into and issued by the County, its departments and agencies including the Public Health Trust or funded in whole or in part by County funds or with private funds on County property. The foregoing notwithstanding, the Board may by Implementing Order provide that Contracts and/or Work Orders below a certain dollar amount shall not be subject to the requirements of this ordinance.

- B. *Establishment of local workforce goal:* A local workforce goal may be applied to a Capital Construction Contract/Work Orders subject to review under this section based on the Scope of Work the relative local unemployment rate, and an estimate of the trades and workforce necessary to perform construction trades work and labor under the contract. The RC is responsible for recommending to the Mayor or the Mayor's Designee whether a workforce goal should be applied to a Capital Construction Contract/Work Order. The contract language for a Capital Construction Contract/Work Order to which a local workforce goal is applied shall specify that a certain percentage of the workforce performing construction trades and labor work under such contract be residents of Designated Target Areas as provided herein.
- C. *Workforce Plan:* Bid and proposal documents for Capital Construction Contracts/Work Order to which a local workforce goal has been applied shall require the contractor, to develop and submit to the County, within fifteen (15) days of notification of award of the contract, a Workforce Plan outlining how the goal will be met and containing all of the information and elements required by this Section. The Plan shall specify the total number of persons that will be used by the contractor (as well as by all

subcontractors) to perform all of the construction trades and labor work of the contract, broken down by trade and labor category, minimum qualifications for each category, and the number of persons to be utilized in each category. The Plan shall identify by name, address and trade category of all persons proposed to perform work under the contract currently on the contractor's (or on any proposed subcontractor's) payroll who reside in any Designated Target Area. The Plan shall also indicate the number of positions shown on the work, trade categories and minimum qualifications therefore of the positions to be hired by the contractor (or by any proposed subcontractors) to perform the construction trades and labor work under the contract. The County will not enter into the contract until it receives the contractor's Workforce Plan and deems the Plan acceptable. The contract language of a contract subject to a local workforce goal shall provide that in the event that at contract completion, the contractor fails to comply with the established local workforce goal, liquidated damages equal to a minimum of \$~~[[1,500.00]]~~>>3,000.00<< per position or the salary that would be payable for such position had the person(s) been hired for the position as listed on the approved workforce plan to include all approved revisions to the workforce plan, whichever is greater shall be withheld from the contractor's final payment as liquidated damages and be applied to pay part of the costs of the Community Workforce Program under this ordinance. >>In calculating the salary, a minimum of eight (8) hours per day times (i) the position's wage rate or (ii) the applicable Responsible Wages and Benefits Schedule wage rate will be used.<< An updated Plan shall be submitted to SBD on a monthly basis. In the event that during the contract time a new hire or a person identified in the Plan as already on the contractor's (or any proposed subcontractor's) payroll to meet the local workforce goal is replaced, Miami-Dade County will require the contractor to immediately contact SBD identifying the replacement. Notwithstanding anything to the contrary above, the contractor may be relieved from the requirements of

this ordinance, in part or in whole, if such contractor can demonstrate to SBD that it has utilized its best efforts to achieve the goal in accordance with the prescribed Implementing Order.

- D. *Goal compliance:* The following shall count towards compliance with a local workforce goal. Within 15 days of approval of the Workforce Plan, the contractor shall complete and submit a Job Order Request Form (in the form attached to Resolution No. >>R-<<1145-99, the Clearinghouse for posting of job opportunities) to the Employee Relations Department for each position designated in the approved Workforce Plan for recruitment. The employer/contractor Information portion of the Job Order Request Form shall provide the relevant information for the contractor or subcontractor who will employ the new hire. Persons designated in the approved Workforce Plan as already on the contractor's (or on any proposed subcontractor's) payroll at the time of bid submittal who reside in the DTA in which the public improvement is located and who perform any construction trades work or labor of the contract shall count towards meeting the local workforce goal. Each New Hire residing in the DTA where the public improvement project is located who is hired to any position designated in the approved Workforce Plan who performs construction trades or labor work of the contract for a minimum duration of one hundred twenty (120) days or the length of the job whichever is less, shall also count towards meeting the goal. Persons that reside in a DTA other than the DTA in which the public improvement is located, may be counted towards meeting the goal provided the first priority in hiring for such position was given to persons residing in the Designated Target Area in which the public improvement is located, and when the hiring party as well as the WDOs and WROs have demonstrated to SBD that they have been unable to identify a qualified resident of the Designated Target Area in which the public improvement is located. >>In the event that at contract completion, goal compliance cannot be determined due to the

contractor's failure to submit and obtain SBD approval for a revised Workforce Plan, \$10,000.00 shall be withheld from the contractor's final payment as liquidated damages, and applied to pay costs of the Community Workforce Program.<<
